A man, in a suit, with his hands behind his back, is being led down some steps of a public building by two other men. The first man is rather young. About 30-35, his head is downcast. He is Caucasian. The men behind him are also in suits. They are heavier and remind me of people you would associate with Secret Service or FBI.

Note: There is no activity - just a flash photo, almost like a picture in a book or a paper.
